Dear Andy:

This is to communicate to you the Pac-10's support for NCAA certification of the Emerald City Bowl in Seattle.

We believe there still is a shortage of bowls in the West, and the Emerald City will do much to alleviate that shortage. Seattle is a large market with a keen interest in college football. There is good local support for the game, as expressed by the work prominent local citizens, such as Dave Evans and Jack Thompson, have done to advance the interests of the Bowl. Many other Washington and Washington State supporters will become involved in the game over time if it is established.

In addition, Seahawk Stadium is an outstanding facility, one in which college student-athletes would be thrilled to play.

We hope the Certification Committee will act favorably on your request.

Sincerely,

A handwritten signature in cursive script that reads "Thomas C. Hansen".
